Royal Arcanum Notes.

The past week has been one of remarkable activity in local Royal Armarkable activity in local Royal Arcanum circles. This is largely due to the return here of Mr. Harry Kemp, official deputy grand regent of Virginia. On Tuesday night Elba Council held their regular meeting and several applications were reported pending. On Wednesday night Scockoe Council, 895, also held a very large meeting; attendance about sixty members. They initiated a class of candidates, and have nine applications pending. It is expected that a large class will be initiated on the 11th of December, the first meeting night in the month.
On Thursday night "Virginia" and "Beividere" Councils both held large meetnings at Lee Camp Hall, and several ap-plications were presented. The Arca-num workers have not been mactive in Virginia during the summer and fall, and the record is phenomenal.

Mr. Kemp will remain in Richmona

BUYING CONGESTED IN A FEW STOCKS

Speculation for Rise Was Continued, But Realizing Checked Advance.

BONDS BROAD, ACTIVE AND WEAK

American Locomotive Stocks Were In Active Demand on Reports of Large Orders from All Parts of the

Country.

(By Associated Press)

NEW YORK, Nov. 16 .- There was continued speculation for the rise to-day, following yesterday's recovery from Thursday's realizing movement, but the advance was interrupted by realizing again here and there, and the buying was con-gested in a few stocks. There was large buying of the Readings, accompanied by rumors that the company is soon to be benefited by an increased dividend on its holdings of New Jersey Central stocks. There was sympathetic strength in other coalers, including some of the soft coal

There was sympathetic strength in other coalers, including some of the soft coal carriers.

American Locomotive stocks were in notable demand on reports of large orders from all parts of the country. The Transcontinental railroad stocks moved irregularly under realizing from time to time, and there was a sharp set-back for the local Tractions, Sugar, Amalgamated Copper and People's Gas, which unsettled the late dealing and made the closing irregular. Much stress was laid by bullish traders on persistent rumors that an offer of a large block of Government bonds is beneding. It was also rumored that the Secretary of the Treasury was about to raise the bid price for Government bonds. No substantial basis could be discovered for either rumor.

The gain in cash reserves by the banks, in spite of the large gold exports, was a more material ground for confidence over the money outlook. The announcement just before the close of an engagement of \$500,000 for export next Tuesday by a Boston banking house, up set a hope that the gold export movement might be checked owing to the easier tone of money and the rise in sterling exchange at continental points.

The market for railroad bonds has continued broad and active and weak at advancing prices for the most part. United States old 4's advanced ½ per cent. over the closing bid of last week.

The total sales of stocks to-day were 435,500 shares.

NEW YORK, Nov. 16.—The cotton market opened steady with prices 295 points higher on brisk demand from smaller shorts and moderate buying for commission house account. Wall Street was the chief buyer from the outside, though Europe and the South at times picked up scattering amounts of the late months. Trading was fairly active for Saturday, and beneath the surface the larger bears seemed very uneasy and distrustful. Soon after the call the market settled a few points under profit-taking by yesterday's pit scalpers. Later prices improved slowly on outside buying and covering by prominent bear interests.

Receipts at the ports were no larger than expected, and private dispatches from interior towns foreshadowed a steady decrease in the movement there. Spot markets South were holding firm

CHARLESTON EXPOSITION.

Many Richmond Firms Expected to Be Represented.

It is believed that by Tuesday the com-mittee from the Chamber of Commerce will have completed its canvass of the city and will know just how many of the local merchants and manufactures will exhibit at the Charleston Exposition.

The following members of the committee were present at a meeting held yesterday morning: Colonel John Murphy, J. L. Hill, E. A. Clowes, Thomas Christian and A. B. Clarke. The firms which have already expressed a willingness to make exhibitions are: Virginia State Insurance Company, C. F. Sauer Company, Virginia-Carolina Chem cai Company, Warner Moore & Company, B. F. Johnson Publishing Company, Virginia Electrical Railway and Development Com-pany, David Ainslie, W. R. Trigg Ship-Building Company.

Building Company.

To-morrow a canvass of the city will be made by the committee, accompanied by Mr. Aubrey, who will spend several days here, calling upon the business men. Mr. G. H. Aubrey, special commissioner of the exposition, who is in the city, doing all he can to advance its interests, said yesterday that the exposition would he a great success. be made by the committee, accompanied by Mr. Aubrey, who will spend several days here, calling upon the business men.

A SURPRISE FOR WALL STREET

The Bank Statement Was Better Than Was Expected,

BUT IT DIDN'T HELP PRICES.

The Coalers Were Stronger Yesterday, and So Also Was Locomotive, but Most Stocks Gained Very Little.

The market opened strong yesterday, with the coalers in the lead, and ruled strong all during the session. American Locomotive was the leader among the industrials, and the common, which a few days ago was dull at 24:1-2, sold at 31:1-8. The preferred closed strong at 88, the highest point reached since it originally sold off. The New York Commercial Advertiser of Friday afternoon says:

reason for the strength of the stock appears in the facts as set out in a Columbus, Ohio, special dispatch published in Wall Street yesterday as follows:

"It is now stated that the English syndicates coming to this country for coal is because of the export tax of 25 cents per ton placed on British coal to preserve English coal for home industries.

It is said that the syndicate contemplates serve English coal for home industries. It is said that the syndicate contemplates shipping 3,000,000 tons per year. Most of the land optioned lies along the line of the Chesapeake and Ohio. In addition, it is a fact that the Chesapeake Company has purchased many coal mines along its lines, and will be cafter be both producer and carrier, assuring to itself much larger revenues.
